### Special Attraction at 11:00 A. M.

We have arranged with THOS. SELLENS to consign from his well known ranch at Bunker Hill, Kansas, 30 YEARLING STEERS and 45 CALVES, from which will be selected around 20 calves, or more if desired, which will be sold at auction for club purposes. The remainder to be sold also by auction, in groups to suit the purchasers. They are of the right type, and quality, of good colors, sired by bulls of Sni-A-Bar and Tomson breeding. We have fed several lots from the Sellens herd topping the Kansas City market with them.

This will be a real opportunity for COUNTY AGENTS AND CLUB LEADERS to secure for their club members TOP CALVES FOR THE 1940 CONTESTS, as well as for FEEDERS to obtain THE RIGHT SORT for feeding out AS FANCY BEEF.

Remember that this Sale Feature takes place at 11:00 A. M.

## Regarding the Offering

---

We have catalogued eighteen young bulls ranging from September 1938 birth dates to January 1939, with the exception of one dropped late in May 1938. Seven are by Proud Archer the great son of Browndale Archer, and our chief stock bull for the past nine years, whose sons have made exceptional records as herd headers, and whose daughters and granddaughters have not only proven valuable producers, but many of them have won class and championship awards in the foremost shows. There are six sons of Proud Marksman, one of the really great sires of the present day. He was bred in our herd through four generations on the maternal side all bred by us, as was his sire, Scottish Marksman and his sire and grandsire. The dam, Mayflower 26th first prize winner at the International, American Royal, Ak-Sar-Ben and Ft. Worth shows, was sired by Proud Archer. One is by the show winner, Blythesome Victor, a bull of remarkable smoothness and depth; and out of a Proud Archer dam. Two are by Royal Marksman 2d, a son of Proud Marksman, and out of a daughter of Triumph by Edellyn Premier. One is by the compact, thick meated, Village Count, by Proud Marksman, and out of Village Duchess T. by Triumph. Eight are dark roan, seven are red and two are white. We believe it will be acknowledged that there is first class herd heading material in this offering.

The twenty-nine females represent a wide selection of families—eighteen in all—and all bred by us or from top ancestors of our breeding. Twelve are by Proud Archer; five by Proud Marksman; four by Blythesome Victor; four by Proud Baronet by Goldspur's Baronet 2d; one each by Village Count, White Star and Lavender Star, representing our more dependable families.

It will be noted that most of the offering carries from three to seven generations of our breeding on the dams' side and in numerous instances from two to five of the top sires also.

The females listed, with three exceptions, have 1938 birth dates. One was dropped in late December, 1937 and two in January, 1939. A glance at the pedigrees will show the unusual strength of the bloodlines, and the desirability of the offerings for herd foundation material.

The herd is Federally accredited for T. B. and all animals in the sale have passed the Bangs test. Health papers will be furnished to conform to requirements of all states to which they may go.

## As to Our Herd

---

The first investment in pure bred females was made in the fall of 1886. Several more were acquired in the spring of 1887. A few Scotch females were added in 1896, '97 and '98. Then during the next half dozen years various herds were purchased and the choicest females selected, and in several instances the herd sires, for our use and the remainder sold to the trade.

During the fifty odd years through which our herd has been in continuous production we have only made six public sales, aside from limited consignments to association auctions. With these exceptions our entire output has been absorbed by private demand, and during this half century the average number in the herd has been well above one hundred and fifty head.

Our first Scotch bull, imp. Thistletop bred by Cruickshank, was purchased in 1892 when he was eight years old, and remained in service five years. The next, Gallant Knight, one of Col. Harris' famous Goldendrops, out of a Craven Knight dam, was acquired at eleven months of age and was used for thirteen years. Then followed imp. Archer, Barmpton Knight a great son of Scarlet Knight, Prince Valentine 4th by Prince Pavonia, Beaver Creek Sultan a grandson of Whitehall Sultan, Maxwalton Rosedale by Avondale, Village Marshal by Cumberland Marshal, Marauder, a double grandson of Avondale, Marshal's Crown, Scottish Sultan, Scottish Gloster, (the last three all bred by us) Proud Archer, Proud Marksman, Goldspur's Favorite 2d and Gregg Farms Star by Sni-A-Bar Count. In addition to these listed we have used various young bulls bred in the herd that later made notable successes in the hands of our patrons. This enabled us to intensify the blood of our best sires and establish the type.

Our foundation females have been selected with reference to bloodlines and dependability as to performance. As a result many of the foremost herds have drawn on our herd for foundation breeding stock and have made quite distinctive records with them, both as producers and show winners. We have retained for our breeding operations, due to dependable performances, representatives of certain families many of them now showing from three to six generations of our breeding. They are Augusta, Marigold, Duchess of Gloster, Mayflower, Winifred, Clipper, Susan, Lady Dorothy, Rosemary, Golden Chain, Victoria, Lavender, Gwendoline, Nonpareil, Secret, Foxglove, Jilt.

We count among our patrons many of the foremost breeders of the country, representing every section where Shorthorn breeding is carried on. It is a source of satisfaction also that leading producers of commercial beef have continued to use bulls of our breeding. We have endeavored to grow the type of Shorthorn that would make good under widely diverse conditions, and have been encouraged by the return of individual customers year after year, in some instances for thirty-five years.

As a result of building into our herd the blood of great sires, and intensifying that blood through the use of bulls of our own breeding, we have insured greater dependability in the re-production of the type and the usefulness of our cattle.

Right—Proud Archer in his younger days. He is one of the great Browndale bulls in service. He has scale and substance which he transmits with notable uniformity to his get. An outstanding son of Browndale Archer he combines the blood of Whitehall Sultan, Avondale, Village Supreme, Choice Goods, Collynie Marshal and other outstanding sires.

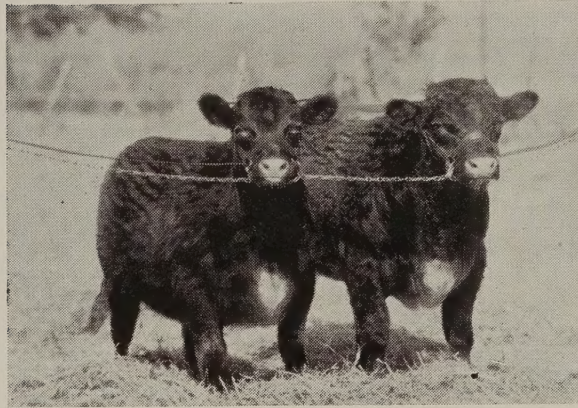

Proud Marksman—Owned jointly by W. A. Young, Clearwater, Kansas, and ourselves, comes through a line of outstanding sires used in our herd for five generations upon a Mayflower foundation one of our best producing families. Two of his bull calves, nine and ten months old, sold at the top of our 1937 sale, and two heifer calves by him, without show fitting, won first and second and grand and reserve championship at the Kansas Free Fair 1938, and four of his calves this year won first as senior bull calf, senior heifer calf, get-of-sire, and pair of calves at the Kansas State Fairs, Hutchinson and Topeka.

Left—Blythesome Victor, sire of several choice things in the sale, possesses exceptional smoothness of mellow covering, fullness of quarters, depth of body and fullness of chest. He is strong in the blood of Browndale through his sire, Hillsdale Count, Whitehall Sultan, Cumberland and the undefeated grand champion Ringmaster.

Our first prize pair of calves at the two Kansas Fairs  
—Joan 14th and Advance Marksman, both by Proud  
Marksman and out of Proud Archer dams.

**Gallant Marksman 1963433**—Has natural substance with quality, backed by best of breeding. His dam and grandam are cows of outstanding quality. He should develop into a great sire. Note the line of ancestry.

Advance Marksman won first at each of the Kansas State Fairs (Kansas has two State Fairs) and headed our first prize get-of-sire group and first prize pair of calves. His wonderful head, strong masculine character, deep, thick body well set on short legs, combine to make an ideal type of herd bull. We think we have never bred a better one. His ancestry insures prepotency. His picture adorns the cover page of the catalogue.

Victor Marshal won 2d in the Kansas State Fair. His dam is full sister to Winifred 18th, one of the best heifers we have ever shown, and now a producing cow in Mathers Brothers' herd. He resembles his sire in conformation and quality and should develop into a valuable sire. You will like his character and smoothness.

**Major Archer 1963436**—His rich red color, level lines, smooth fleshing qualities, all combine to make up what we like in a sire. His dam, a strong milker and of show yard type, produced a full sister, Mayflower 34th, that topped the congress sale in 1936 at \$465.00, going to Morlunda Farms, Lewisburg, West Virginia, where she is rated one of their best breeding cows. A brother heads Harry Coffey's herd at Savannah, Missouri.

**Proud Leader comes from one of our dependable families. His good head, deep body, level lines and strong legs make him a desirable herd bull type. His picture does not do him justice. His dam is a low set, thick fleshed cow of the right sort.**

**Regal Marksman 1963449**—A mellow, deep bodied bull that should develop into a good sire. This Lady Dorothy family has produced a number of good breeding bulls for us. Note the blood lines back of him.

Marksman's Masterstroke will interest any breeder in need of a herd bull. His strong head, level lines, thick flesh covering and beautiful roan color are what we like in a sire. His dam is near an ideal type of brood cow. His grandam, Lady Gloster, was grand champion female at the Sni-A-Bar Show the year the Royal was held there, and is the dam of Scottish Gloster used with much success in our herd.

## OUR GUARANTY

Adopted by the American Shorthorn Breeders Association.

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls sold as separate lots are guaranteed breeders, provided they are not allowed to serve when under 14 months of age or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. Cows with own calves under four months of age by side are considered proven breeders. All other cows and heifers are guaranteed breeders, except that calves sold by side of the dam as one lot and heifers under 16 months of age at the time of sale are not guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows and heifers bred for more than three months, according to the service date furnished at the time of sale, but not proving in calf, must be reported to the seller within three months after date of sale; all others served within three months prior to the date of sale, not settled or proving to be in calf must be reported within six months. Females over 16 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. Any animal not proving up to the foregoing guarantee shall be replaced with another of equal value at the time of purchase to the satisfaction of the purchaser, but the seller may, if he desires, have the animal returned for a retrial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt, it shall be returned to the purchaser at his expense. In case the animal proves to be not a breeder, the purchaser shall be given the option of having the purchase price refunded without interest, or of accepting a substitute as stipulated above. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply upon any animal later substituted.
5. All animals are sold subject to a 60-day retest for tuberculosis, or to comply with the laws regulating tuberculosis of the State or Country into which they may be shipped. Animals shall be segregated from the buyer's herd until the retest is made except the herd be a Federal Accredited one. All tests for tuberculosis, either test before sale or retest, shall be made by a Federal or State Veterinarian, or veterinarian deputized by the State Veterinarian, who is co-operating with Federal Veterinarian and qualified to do accredited herd testing. Purchase price to be promptly refunded upon proof of reaction, except that the purchaser shall agree to accept a substitute. Blood test will be made when it is required by the destination State or Country.
6. Certificates of registry and transfer will be furnished with each lot sold. Shipment will be made as soon as possible after the close of the sale and without trouble to the purchaser, but at his risk of loss or injury after being bid off.
7. TERMS: Cash, except when other arrangements are made before the sale. All settlements to be made immediately after the close of the sale. The above guarantee and terms shall constitute a contract between the seller and purchaser of each lot.
